

## HOW TO USE

DO NOT apply oil sprays within 10 days of applying chlorothalonil.

PLANTS	DISEASE	RATE	HOW TO APPLY
Roses Strawberries	Powdery Mildew	30-40 g/ per 10 L and add 20 mL Botanical Oil Concentrate	Begin application at first sign of disease. Repeat applications at intervals of 10 days or more as new growth or infection occurs, or if conditions favour disease.
Roses	Black Spot		
Grapevines	Powdery Mildew ( <i>Oidium spp.</i> )	Mix 40 g per 10 L of water and add 20 mL Botanical Oil Concentrate	Begin application at first sign of disease. Repeat applications at intervals of 10 to 14 days as new growth or infection occurs, or if conditions favour disease. Apply to ensure complete and thorough coverage of foliage.

NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED.  
WITHHOLDING PERIOD (WHP): NOT REQUIRED WHEN USED AS DIRECTED.

## HOW TO PREPARE

eco-rose is a contact fungicide containing activated potassium bicarbonate that requires direct contact with the fungus organism for control. eco-rose disrupts the fungus cell, causing the cell walls to collapse. eco-rose rapidly kills both powdery mildew spores and hyphae.

### MIXING

Half fill spray tank. Slowly add required amount of eco-rose with stirring. Top up with required quantity of water. Mix well before commencing spray procedure. Do not allow mixtures to stand. Use within 24 hours of mixing.

### APPLICATION

Contact with the disease organism is essential for control; as such apply in sufficient water to ensure complete and thorough coverage of foliage and/or crop. Ensure plants are not suffering from any environmental stress such as moisture stress or heat stress when applying eco-rose to control high levels of powdery mildew infection as water loss from the infection site can cause death of plant tissue.

**CAUTION:** DO NOT allow chemical containers or spray to get into drains, sewers, streams or ponds.

**STORAGE AND DISPOSAL:** Store in the closed, original container in a cool, dry place out of the reach of children.

Do not store in direct sunlight. Dispose of empty container by wrapping in paper, placing in plastic bag and putting in garbage.

**FIRST AID:** If poisoning occurs, contact a doctor or Poisons Information Centre. **Phone Australia 131 126**

**NOTE:** Because Organic Crop Protectants Pty Ltd has no control over handling, storage or use of eco-rose, the company makes no express or implied representations or warranty (other than non excludable statutory warranties). This product is sold on the condition that the buyer and/or user assumes all risks of the handling, use of eco-rose and results obtained from its use.
