CONTENTS
250 mL

ACO CERT. NO. 222

Y20-4856

A soap based spray made from natural vegetable oils, **eco-insect killer Natrasoap®** effectively controls insects and mites in the home garden. Suitable for use around the family garden, it's perfect to use on home grown vegetables, herbs, also fruit and ornamental plants. The benefit of no withholding period means you don't have to wait to eat vegetables and herbs, simply wash before eating.

Approved for use in organic gardens

HOW TO PREPARE: Shake bottle well. Measure out required amount of **eco-insect killer Natrasoap®** and mix in clean, soft water. Keep spray agitated during use.

CAUTION: DO NOT use on delicate plants such as ferns, mosses and flowers and avoid over applying on soft foliage plants. DO NOT allow chemical containers or spray to get into drains, sewers, streams or ponds.

STORAGE & DISPOSAL: Store in the closed, original container in a cool dry place, out of reach of children. Do not store in direct sunlight. Dispose of empty container by wrapping in paper, placing in plastic bag and putting in garbage.

SAFETY DIRECTIONS: Avoid contact with eyes and skin. Wash hands after use.

FIRST AID: If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 131 126.
